

**ATTENTION OWNERS/RESIDENTS  
CLASSICO – BCS 460**

**Several complaints have been made  
regarding the feeding of birds by  
some residents in the building.**

The bird droppings inconvenience neighbours by creating a mess on their balconies and windows. Please be reminded of Strata Bylaw R.4 (p):

**R.4 Use of Property**

An owner must not:

- (p) feed pigeons, gulls or other birds, squirrels, rodents or other animals from the strata lot or anywhere on or in close proximity to the common property or any limited common property.

Thank you for your cooperation.  
Strata Council & Management
