

**ATTENTION OWNERS/RESIDENTS
CLASSICO – BCS 460**

**STORAGE OF PERSONAL ITEMS IN
STORAGE LOCKERS**

Residents are reminded that there is a potential for water leaks and theft in the locker areas. All residents must ensure that their personal items are properly protected by either placing the items in plastic containers or by raising the floor in their lockers using planks or pallets.

Residents are advised not to store valuable, perishable, or irreplaceable items in the storage locker area.

Any loss from theft or damage is to be covered by the owner's personal property insurance and will not be covered by the strata corporation.

Thank you for your cooperation.
